# A'sem Mohammad Shawkat Al-Zaghal

## JUNIOR SOFTWARE ENGINEER | FULL-STACK WEB DEVELOPER

Amman, Jordan | +962 797 209 466 | alzaghal.asem@gmail.com

Portfolio | GitHub | LinkedIn

## CAREER SUMMARY

Software Engineering graduate with hands-on experience building full-stack web and mobile applications. Skilled in PHP, JavaScript, Java, and Python, with practical experience in REST APIs, database integration, authentication, CRUD operations, and clean architecture. Developed projects spanning e-commerce, warehouse management, and university guidance, including a multi-vendor platform with web and mobile clients. Co-authored a peer-reviewed publication on artificial intelligence in scientific research and ethics. Seeking a junior software engineering role to contribute to reliable, maintainable applications and continue growing as a developer.

## TECHNICAL SKILLS

| | |
|---|---|
| **Programming Languages** | PHP, JavaScript, Java, Python |
| **Web Technologies** | HTML5, CSS3, Bootstrap |
| **Frameworks** | Laravel, React, React Native, FastAPI, Flutter |
| **Database** | MySQL |
| **Tools** | Git, GitHub, Postman |
| **Core Concepts** | OOP, REST APIs, MVC, CRUD, Clean Architecture, Authentication, Role-Based Access Control |

## SELECTED PROJECTS

### Boutique — Multi-Vendor E-Commerce Platform

*Laravel · React · React Native · MySQL*

Live: Website | GitHub: MrAsemZ/boutique

- Built a full-stack multi-vendor clothing platform for the Jordanian market spanning a REST API, web client, and mobile client, with Arabic/English support and RTL layout.
- Developed backend authentication, vendor/admin roles, product variants, cart, checkout, and order features; validated the API with an 80-test Postman suite.
- Implemented storefront and role-specific dashboards, route guards, and persisted authentication in React; added JOD currency formatting and CliQ/cash-on-delivery payment flows.
- Deployed the API to Railway and web client to Vercel.

### WISE Guide — University Guidance System

*Python · FastAPI · Flutter · MySQL*

GitHub: MrAsemZ/WISE-Guide

- Built a cross-platform university guidance app with an interactive campus map, peer-to-peer voluntary help, schedules, academic resources, and an AI chatbot.
- Implemented REST API routes and backend business logic with FastAPI; designed MySQL data structures for users, schedules, and peer-help requests using modular design and clean architecture.

### WMS — Warehouse Management System

*PHP · MySQL · Bootstrap*

GitHub: MrAsemZ/WMS

- Created inventory and import/export workflows with session-based authentication and role-based access control.
- Implemented CRUD for products, categories, suppliers, and transactions using prepared statements, plus a dashboard for stock levels, total cost, and inventory quantity.

### GreenLeaf — E-Commerce Website

*PHP · JavaScript · HTML · CSS*

GitHub: MrAsemZ/GreenLeaf

- Built a plant-shopping website with product browsing and a vanilla JavaScript cart supporting product selection, quantity management, and checkout.

## EDUCATION

**B.Sc. in Software Engineering**

World Islamic Sciences and Education University (W.I.S.E.) | Amman, Jordan · Graduated September 2025

## CERTIFICATIONS & COURSES

**Claude Code 101**
Anthropic · May 2026

**Claude 101**
Anthropic · May 2026

**JavaScript Development Course**
BeProgrammer · 42 training hours · Feb–May 2026

**Comprehensive Full-Stack Web Development Course**

BeProgrammer · 128 training hours · Mar 2025–Feb 2026 · Completed

**ICDL Certificate**

Science Caravan Academy · 24 training hours · Jan 2023

## RESEARCH & PUBLICATION

**The Role of Artificial Intelligence in Scientific Research and Ethics: A Contemporary Analytical Study**

*Co-author · Jerash University Journal, Issue 25, pp. 145–167 · December 2025*

- Analyzed 40 open-source scientific papers indexed in Scopus (2021–2025), examining AI's role in research efficiency, literature review automation, and data analysis.
- Contributed to analysis of ethical issues including bias, privacy, transparency, authorship, and accountability, and a proposed five-axis institutional policy framework.

## LANGUAGES
